

**Pentucket Regional Middle School
Annual Report
Fiscal Year 2009-2010**

The 2009-2010 school year was productive at Pentucket Regional Middle School. Student enrollment was 541 and comprised of 129 from West Newbury, 191 from Groveland, 202 from Merrimac, and 19 students through the school choice program.

Teachers at Pentucket Regional Middle School worked closely with a consultant from the Center for Collaborative Education (CCE) in order to bring the Habits of Learning to life. The consultant, along with building administration, began to build team leader capacity through the use of protocols in sharing work while developing a strong purpose through essential questions. Teachers worked collaboratively and continued to explicitly teach the Habits of Learning; ***thinking, communication, collaboration, independence, and creative exploration*** in concert with content. Additionally, the PRMS staff continues to develop lesson plans that incorporate the 5 Common Elements of Powerful Learning; ***experiential, ownership, forces one out of comfort zone, multi-faceted support, and reflective***. We encourage families to be a part of this process by engaging their children in ongoing conversations about what they learn at PRMS.

Respectfully submitted,

Dr. Debra Lay, Principal

**Pentucket Regional High School
Annual Report
Fiscal Year 2009-2010**

The 2009-2010 school year was productive at Pentucket Regional High School. Student enrollment was 803 and comprised of 161 from West Newbury, 290 from Groveland, 314 from Merrimac, and 38 students through the school choice program.

Below is a summary of activities that took place in the areas of curriculum, instruction, assessment, professional development and the community.

Curriculum:

Team Leaders, Department Chairs and another member of each department received training for the use of the new curriculum software ATLAS, this will support our ongoing work of capturing and refining curriculum in every area.

Grade 9 and 10 ELA and Social Studies teachers worked during PLC and Summer Academy time to align their curriculum to support each other's work.

Health, Physical Education and Guidance worked together to develop a new Wellness curriculum that will be implemented for grade 9 students this year.

Teachers across curriculums developed Habits of Learning lessons.

Instruction:

Pentucket became a member of the Virtual High School (VHS) program. Two high school teachers taught four, semester length, courses in the Virtual High School course catalogue which allowed 64 PRHS students a chance to take courses that are not a part of the PRHS course catalogue.

Assessment:

A team of teachers developed high school specific rubrics to enable teachers to assess student learning around Habits of Learning.

100% of the class of 2012 passed the ELA MCAS assessment and 90% scored Advanced or Proficient.

98% of the class of 2012 passed the Math MCAS and 88% scored Advanced or Proficient on their Grade 10 Math MCAS assessment, including 64% of the class scoring Advanced.

96% of the class of 2012/12 passed the Biology MCAS and 82% scored Advanced or Proficient.

Professional Development:

5 ELA teachers in grade 9 and 10 worked with consultants from DESE (Department of Elementary and Secondary Education) and CCE (Center for Collaborative Education) along with educators from schools across Massachusetts to develop authentic and performance based assessments for use school wide and statewide. This work is ongoing.

Staff collaborated to create solutions targeting challenges associated with students at risk for failing and dropping out.

A task force of teachers and students worked together to prepare structure and documents that will guide our steps toward a public demonstration of HOL mastery in June of 2011.

Community:

High school teachers taught a two week session of MCAS preparation for entering grade 9 students who had scored Needs Improvement on prior MCAS tests.

Grade 9 team planned and led a first day of school for grade 9 students, which was successful in welcoming and orienting freshman to the high school.

A group of students planned and facilitated a week of Drug and Alcohol Awareness activities from grades 6-12.

The foreign language club hosted a group of 20 exchange students from Austria for 2 weeks in March.

The GAPP club sponsored a group of Pentucket students who traveled to our partner school in Germany for 3 weeks in June.

The marching band represented the school and the state at the Washington DC, Memorial Day parade.

Other:

The High School Council created a three year school improvement plan.

Numerous students received awards for their talent and hard work through musical and artistic competitions.

10 Interscholastic Athletic teams received coveted Team Sportsmanship Awards from their Cape Ann League peers, in addition the Girls Indoor Track Team received the State Track and Field Sportsmanship Award.

Respectfully submitted,

Jonathan P. Seymour, Principal

ANNUAL OPERATIONAL REPORT

TO: The Honorable Board of Selectmen

FROM: Daniel Nihan, Whittier Representative
William P. DeRosa, Superintendent

Whittier offers 20 vocational technical career areas designed to provide the necessary training and skills for further education or work force success.

Whittier's academic program is designed to offer students the fundamental skills through its core curriculum in English, Math, Science and Technology, Social Studies, World Languages, Physical Education/Health, and Elective subjects. Courses are aligned with the Massachusetts Curriculum Frameworks in order to achieve success on the MCAS.

Courses are offered in a sequential format and are integrated with the vocational-technical areas, wherever practicable and mutually beneficial. All academic courses offer advanced sections for students who desire to further their education. We offer honors courses in English, science, and math to lead toward advanced placement courses. Moreover, a Tech Prep program is offered to eleventh and twelfth grade students which parallels the College Prep program and provides students with the opportunity to earn college credit and/or advanced college placement.

Since all programs are open to both females and males, we encourage our students to explore and to specialize in non-stereotyped, non-traditional vocational-technical areas and to strive for the maximum realization of their goals and potential.

Whittier Regional Vocational Technical High School is entering its thirty-seventh year. To date we have graduated 9,165 students from the day school.

The enrollment for the Evening School from Groveland: 22

Whittier Tech:

Honorable Board of Selectmen
October 14, 2010
Page 2

The October 1, 2009 Day School Enrollment:

	Boys	Girls
Grade 9	12	9
Grade 10	11	1
Grade 11	2	6
Grade 12	3	6

Total – 50

2010 Graduates – 9

The cost to Groveland for the school year 2009-2010 was \$457,041.00.

Respectfully yours,

Daniel Nihan
Groveland Representative

William P. DeRosa
Superintendent
