

Please make sure that any information on your town's website about clinics has been updated to Nock Middle School. See the City of Amesbury's site as an example, and feel free to copy that language. <https://www.amesburyma.gov/home/urgent-alerts/covid-19-vaccine-distribution>

All ICS positions will remain the same as we make the move to Nock Middle School. The building set-up is very similar to Amesbury High School, and we don't imagine a difficult transition to the new space for our remaining clinics.

Our clinics will end earlier than previously stated due to decreasing demand, on Saturday, May 22nd. Below is the final schedule. We will finish up all second doses currently on the schedule, and will no longer publish first dose links. If we have extra doses / open space at our remaining clinics, we will offer first doses to those on the wait list, but will not be able to offer second doses. Anyone who comes in to our Pfizer clinics this month will be responsible for booking their own second dose appointments elsewhere. Signing up for the wait list does not guarantee a spot, but we'll try to accommodate as many people as possible. **Wait List:** <https://forms.gle/AaMnKs97N2xfb9fy6>

When the vaccine eligibility opens to include the 12-16 year old population, we will re-assess and may run a small number of clinics to handle that group. Depending on the future addition of booster shots, we may run clinics again in the fall. Stay tuned for more information on that, which we'll share when we know more.

Residents are encouraged to search for other locations for vaccine appointments, and will be able to book a second dose at a separate location if they receive their first dose at one of our remaining clinics. **Vaccine Location Search:** <https://vaxfinder.mass.gov/>

Clinic Schedule

Saturday, May 8th | 9AM – 5PM
Nock Middle School
(Last appointment 4:42pm)

Saturday, May 15th | 9AM – 3PM
